VEGETABLES and FLOWER SEEDS

BULBS

J. K. RUGOWSKI SEED CO., PERCENTER PEANTS

MANITOWOC, WISCONSIN

* JUL 6

Aster and Gladiolus are our specialty, dating back to 1907 when Mr. Rugowski began the breeding of Flowers and Vegetables. He has devoted all of his time to this work and has made a wonderful success. His motto: Work, Wait and Win, has accomplished what we are offering to you. It has taken may vears of labor and patience to produce such wonderful strains of Flowers that all lovers arc looking for, the Asters and Gladiolus.

You may say everything sounds good on paper because everybody claims to have the best, well that may be true, but, has your dealer proven so? We have, and are going to show you that if such facts can be shown there can be no doubt about it. Here is some proof, not by an individual, but by experts that know the merits of a flower, from all parts of the Country.

Shown at Manitowoc County Fair six years in succession, winning all 1st Prizes, in all classes.

Shown at Wisconsin State Fair, 1920-1921-1922. Three years in succession, winning all 1st Prizes, in all classes.

Shown at Des Moines, Iowa; Wausau, Wis.; Plymouth, Wis.,

where we won all 1st Prizes, in all classes.

Shown at Annual Meeting, Wisconsin State Florists Association receiving an endorsement as the most meritorious flowers ever seen. Meritorious Pink Aster derived its name through this endorsement.

Shown at Commercial Flower Growers of Chicago, September 17th, 1920. A perfect vase of Meritorious Pink Asters which scored.

U. S. DEPAINAGEL OF ASTROBUSING Color 25; Size 40. Stem 15; Substance 10; Total 90 points. This is also what it says: Mr. Rugowski is doing some anderful work in improving Asters and deserves all possible assistance and encouragement from our organization. (Great improvement were made since that date.) Signed: II. Jepsen, H. Wchrmann.

Shown again at Chicago, this time with the Chicago Florist Club, where we received Three Certificates of Merit. On Meritorions Pink, Manitowoc Rose, and an unnamed seedling known as Royalty. The exhibit was staged September 8th, 1921.

Shown in 1920-1921-1922, at National Convention of A. S. F. O. H., at Cleveland, Ohio, Washington, D. C., and Kansas City, Mo. Anybody who visited these conventions will frankly tell you that such blooms were never shown before.

We will show our blooms again in 1923, at Hartford, Conn.

You can grow them as well as we do. But you must have the strain and culture, we can furnish both. We sell the seed, and give you the culture free.

Another fact why our strains are imperial. We have challenged every grower of Asters to show their strains against ours in 1921–1922, but none responded. What Aster grower is willing to claim growing the World's Finest Asters? We have it now, you can have it, if you prove it, take up our challenge this season.

IMPORTANT: We deliver all package seed Post paid in the

grow and produce good crops when planted under favorable conditions, we give no warranty expressed or implied, as to the dcscription, quality, productiveness of any goods we sell, nor will we be responsible for the crops. The purchaser must, therefore, accept goods ordered from as under these terms, or no sale is made,

TOMATOES

We grow our own Tomato Seed. In fact, our
business was started with
the Tomato. Earliest Producer was the first seed
we ever put out. We
want you to try it and tell
others about it.
